Welcome to Our Pre-K Family Infographics

- Parvarish Consultancy offers consultancy for setting up new pre schools as well as ramping up and streamlining existing pre schools. Our Team has years Of expertise in setting up, operating pre schools along with experts on early child development on the Team contributing to various aspects of pre schools and child development.
- Pre Schools are a booming business in India with low entry barrier, no Government control. high interest from parents; an evolving franchise model to scale up operations, Indian preschool market is set to flourish in the coming years
- We Specialize in brand building and we strongly believe that just for the back end support, customers must NOT pay royalty for life, and they can build their own preschool brand. We are one stop solution for all your needs

Our pre-K family infographics

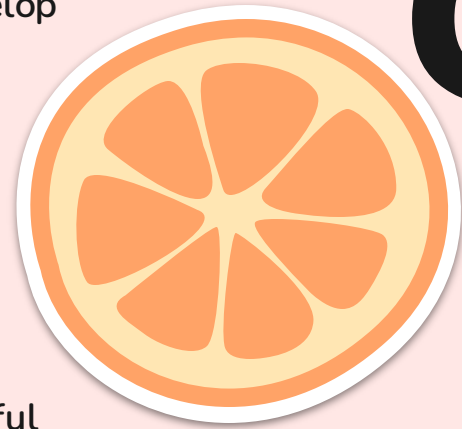

If you want to start your school and not a franchise model and you DO NOT want to pay any royalty or franchise fee, and you are looking for somebody with experience in starting and running a school to provide you the learning support so that you can kick start your own school venture. Yes, you read it right, you could start your own school brand without paying any royalty to anybody.

Successful Preschool?

You've made the big decision to start your own preschool. Whatever your reason. whether you're a teacher with a vision or a parent who sees a need. you've got a complicated and arduous task ahead of you. Arm yourself with the right information, develop a clear plan. and stay organized. Your success will depend on careful management of the process from start to finish.

DO you have your own vision Of what a school could be?
Want something better for students.

■ What do you think is the most essential thing to start a successful Preschool?

Our pre-K family infographics

Large spaces?

Imported
toys?

Colorful classrooms?

Well, The most essential thing is "love and passion for young children".

We believe every child has a right to receive the best possible learning experience in an environment that is safe & supportive yet stimulating and ambitious.

Our Curriculum

Curriculum

1.

Our curriculum is based on internationally accepted good practice, which takes into account a child's natural stages of development.
